MODUL 4

The screenshot displays the Cisco Academy interface for the 'Cyber Threat Management' course. On the left, the 'Course Outline' sidebar lists the following items:

- Module 4: Endpoint Vulnerability Assessment (100%)
 - 4.0. Introduction (2 / 2)
 - 4.1. Network and Server Profiling (5 / 5)
 - 4.2. Common Vulnerability Scoring System (CVSS) (7 / 8)
 - 4.3. Secure Device Management (5 / 9)
 - 4.4. Endpoint Vulnerability Assessment Summary (2 / 2)

The main content area shows the '4.4.2 Endpoint Vulnerability Quiz' results. A large green arc indicates a score of 100%. The text reads: 'You've scored 100%. Congratulations, you have passed the quiz.' The interface includes navigation icons, a search bar, and a language selector set to 'EN'.
