The screenshot displays the Cisco Academy interface for the 'Cyber Threat Management' course. On the left, the 'Course Outline' sidebar lists three modules, all marked as 100% complete: 'Module 5: Risk Management and Security Controls', 'Checkpoint Exam: Vulnerability Assessment and Risk Management', and 'Module 6: Digital Forensics and Incident Analysis and Response'. The main content area shows the '6.6.2 Digital Forensics and Incident Analysis and Response Quiz' results. A large green arc indicates a score of 92%. Below the arc, the text reads: 'You have scored 92%. Congratulations, you have passed the quiz.' The interface includes standard navigation elements like a search bar, a language selector set to 'EN', and a user profile icon in the bottom right corner.
