## MODUL 5

The screenshot displays the Cisco Networking Academy interface for the 'Cyber Threat Management' course. On the left, the 'Course Outline' sidebar shows 'Module 5: Risk Management and Security Controls' with a 100% completion bar. Below this, a list of topics is shown with their respective completion counts: 5.0. Introduction (2/2), 5.1. Risk Management (5/5), 5.2. Risk Assessment (8/8), 5.3. Security Controls (5/5), and 5.4. Risk Management and Security Controls Summary (2/2). The main content area is titled '5.4.2 Risk Management and Security Controls Quiz' and features a large green arc indicating 100% completion. A message states: 'You've scored 100% on this quiz. Congratulations, you have passed the quiz.' The interface includes standard navigation and search icons at the top and bottom.
